

stair nosing profile for carpeting and rubber floors

folostair™ SM

FOLOSTAIR SM is a stair nosing profile made in aluminium or brass with an anti-skid rubber grooved or flat smooth insert. It is truly ideal for protection and as a safety measure of stair steps with carpet or rubber covering. The profile can be fixed by screws which are placed within the rubber insert track so that the screws become invisible.

Illustrated scale dimension 1:1,2

FOLOSTAIR SM 14 A*N Anodised Aluminium

This anodised aluminium profile has an approx. 20 micron coating and is supplied in Silver, Gold and Bronze finish. It is tolerant to oxidation.
